**Director, Ernst & Young CertifyPoint B.V.**

Google Inc.  
Scope for certificate 2013 – 008

The scope of this ISO/IEC 27001:2005 Certification is bounded by Google Analytics and Google Analytics Premium and specified facilities. The ISMS is centrally managed out of Google Inc. headquarters in Mountain View, California USA.

The in-scope applications, systems, people and processes are globally implemented and operated by teams out of an explicit set of offices and data centers that comprise Google Analytics and Google Analytics Premium and is specifically defined in the scope and bounds. The Google Analytics and Google Analytics Premium ISMS scope and bounds includes:

- The protection of user provided or entered data, including Google Analytics and Google Analytics Premium

The ISMS mentioned in the above scope is restricted as defined in the scope and bounds document, version 1.0, signed on July 17, 2013, by the Principal Engineer for Google Analytics.
